TRY OUT YOUR FIRST TWO SESSIONS FOR £6 EACH

TINY TOTS - MONDAY 1-1.30pm • 3-4yrs

A fun and enjoyable way to learn the basics of tennis - movement, co-ordination and racket skills with parent participation. Why not give it a try?

MINI TENNIS - 4-8yrs & 6-8yrs • Red ball

Played on smaller courts with special red balls. These balls travel slower, which allows the child to hit the ball easier and grow in confidence. Fun exercises and co-ordination games to help development.

JUNIOR TENNIS - 9-10yrs • Orange & Green ball

Both balls are faster than the red ball, but softer than the yellow ball which helps development on a full sized court. It's great fun and players can improve quickly.

TEENAGE TENNIS 11-16yrs • YELLOW BALL

Whether you are starting the sport late or continuing to develop your skills, using yellow ball on a full size court is fun, sociable and encouraging as you improve your game.
